**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Don't cave into big corporations!

As the guardians of the public's airwaves and communication pathways, It is your duty to protect this Nations citizen's ability to access information freely and without censorship. Censorship can be broadly interpreted to include any limiting of access to broadband content.

Considering the limited number of broadband providers, it would be impossible to say; there is no longer a need to provide access to infrastructure built for the public good by former telecommunications providers.

Please don't change the rules now. We still need to have the smaller companies be provided with access to common carrier facilities. Remember your duty is to serve the U.S. Citizens not the corporations and continuing the current rules will accomplish that.
